Summary

Senior Product Designer with 6+ years of experience designing enterprise SaaS products for mobile and desktop. Experienced in leading end-to-end product design, building scalable Design Systems, driving Design QA, and partnering with cross-functional teams to deliver intuitive, high-impact user experiences.

Experience

CCC Intelligent Solutions

Senior UX/UI Designer | Apr 2024 – Present

- Lead end-to-end product design for enterprise mobile and desktop applications, from discovery to delivery.
- Design complex workflows, interactive prototypes, and scalable user experiences for insurance products.
- Build and evolve the Design System while driving Design QA to ensure consistent, high-quality implementation.
- Partner with Product Managers, Engineers, stakeholders, and enterprise clients to deliver business-focused solutions.
- Lead white-label branding and product configuration experiences that support multiple enterprise customers.

Playvox

UX Designer | 2020 – 2024

- Led UX initiatives for enterprise B2B SaaS products from research through implementation.
- Conducted user research and usability testing to identify opportunities and validate design decisions.
- Designed user flows, wireframes, prototypes, and high-fidelity interfaces for complex workflows.
- Built and maintained Design System components to improve product consistency.
- Established UX QA practices and partnered closely with Engineering to ensure high-quality delivery.

Freelance

Product Designer | 2019 – Present

- Designed digital products, websites, and brand experiences for clients across the United States, Venezuela, Chile, Colombia, and Mexico.
- Led end-to-end design projects, collaborating directly with clients from discovery to delivery to translate business goals into intuitive digital experiences that balanced user needs and brand objectives.
